TURKS & CAICOS AT GRACE BAY

A luxury resort with residences on Grace Bay Beach will soon break ground in Turks and Caicos. [Andaz Turks & Caicos at Grace Bay](#) will be a one-of-a-kind offering on the famed Grace Bay Beach, consistently recognized as one of the most beautiful beaches in the world. The five-star experience, developed by [Vista Development Ltd.](#), [Andaz Turks & Caicos at Grace Bay](#) will feature 59 hotel suites and 74 luxury residences, for a total of 170 accommodations, on a stunning 5 1/2 acre property with a plethora of amenities.

Construction of [Andaz Turks & Caicos at Grace Bay](#), which is being designed by [RAD Architecture Inc.](#), is due to begin later this year. The development will be one of the premiere flagship residential Andaz-branded properties in the Caribbean. Andaz is a global luxury boutique hotel management company that is a subsidiary of [Hyatt Hotels Corp.](#)

“We are thrilled to announce development plans for the first Andaz branded resort and residences in the Caribbean,” says Myles McGourty, senior vice president, Latin America & Caribbean, Hyatt. “We look forward to working with Vista Development Ltd. to introduce the inspiring concept of this luxury lifestyle Hyatt brand to a world-class destination like Turks & Caicos’ coveted Grace Bay.”

The overall exterior design is a modern/contemporary timeless feel that maximizes the views in every aspect of the resort. COURTESY OF ANDAZ TURKS & CAICOS AT GRACE BAY

**Vista Development Ltd.** has more than 30 years of experience in the Turks & Caicos market. "We've recognized the uniqueness of the location and the potential for an unparalleled offering," says **R. Matt McDonald, Co-Managing Director of Vista Development Ltd.** who is developing the project along with **Jon Siegel**, Vista Development's Co-Managing Director, **John Fair**, its Director of Development, and Vista Director **Ramez Hakoura**. "We look forward to seeing the project evolve with Hyatt and become part of the community and culture of Turks & Caicos."
